Welcome Back

We hope everyone had an enjoyable Easter break and are well rested to tackle our third term. This term is jam packed with lots of events so please take a note of the important dates that are contained in this Newsletter.

SENTINUS

On Wednesday 3rd April we enjoyed a visit by SENTINUS who delivered two separate Science and Technology sessions to all our pupils. All pupils made cars and then raced them to find a winner. Some very impressive engineering skills were shown on the day!

Cash for Clobber

We are once again distributing collection bags for our Cash for Clobber clothes bank. Not only does this project help to support the environment but school also receives payment per kg received. Please support school in any little way that you can with this project.

Holiday Bible Club

A very enjoyable week was had 8-12th April with Rev. Ryan McKee. Different memory verses and stories were taught throughout the week including the story about Easter. Congratulations to the boys who were the victors in the war of the quizzes—congratulations!

Sun Safe

In the hope of some glorious weather arriving during this term, please remember to provide your child with sun hats & glasses to keep safe. Please also apply suncream before leaving your child to school, although they are also welcome to bring some into school so that it can be reapplied during the school day. Water bottles that can be used throughout the day would also be advisable.
